Education

Kiit university   2023 – Present
B.Tech Computer science   *Bhubaneshwar, Odisha*

Experience

Graphic designer intern   2024
Originative Media

Projects

1. Profiles Api
Developed a RESTful Profiles API using **Django REST Framework** with user authentication and profile management. Implemented CRUD operations following REST principles.

2. E-Commerce Website
Built a full-stack e-commerce web application using **Django** featuring product listings, cart functionality, pagination, and order handling.

3. Portfolio Website
Designed and developed a personal portfolio website using **Django and Bootstrap** to showcase projects, skills, and contact information. Deployed on **Render**.

4. Food menu website
Created a responsive food menu website with dynamic menu display using **Django and Bootstrap**, focusing on clean UI and user experience.
